

**FOR IMMEDIATE RELEASE
SEPTEMBER 12, 2005**

10 AVENUE SW RECONSTRUCTION NEARING COMPLETION

Medicine Hat – The work on the 10 Avenue SW Reconstruction Project is approaching final completion.

Over the next few months, the final touches will take place to complete the project. The last portion of 10 Avenue will receive asphalt within three weeks, followed immediately by paving of the 10 Avenue intersection at Highway 3. This intersection will have traffic signals operational by the end of November, and it is anticipated that all work will be completed by this time.

The Service Road entrance onto 10 Avenue will be permanently closed as part of the road realignment and installation of traffic signals.

Temporary road closures will continue from time to time to allow completion of the work. All businesses along 10 Avenue will remain open during the road reconstruction. Please follow signs indicating "Local Access Only" to reach businesses located within work zones.
