**FOR IMMEDIATE RELEASE**  
**JULY 13, 2005**

## **ELECTRIC OUTAGE PLANNED**

*City to make final connection for new underground cable for the Ross Glen feeder*

**MEDICINE HAT** – The City of Medicine Hat Electric Utility is undertaking a planned electric outage to complete the final and permanent connection of a new underground electric cable for the Ross Glen feeder.

The electric outage will happen on Sunday, July 17, 2005 from 6 a.m. to 7:30 a.m.

The power outage will occur in the following areas:

- Ross Glen
- Portions of Dunmore Road
- Rossmere
- Rossland
- Ross Haven
- Redwood
- Calder
- East Glen

The main cable that supplies electricity to these areas was damaged on June 22, 2005 resulting in a power outage that affected approximately 2,900 customers. Electric Utility crews began installing the new permanent cable last week.

The City of Medicine Hat encourages residents to be prepared for a power outage:

- Keep a battery operated radio with fresh batteries handy to receive radio updates.
- Have at least one non-cordless or cellular phone in your house to make or receive phone calls.
- Keep flashlights with fresh batteries for all home occupants.
- Keep some easy-to-make nonperishable food items in your home.

- 30 -
