WATER MAIN FLUSHING & FIRE HYDRANT INSPECTIONS

Environmental Utilities performs regular, routine maintenance to uphold the water quality and system infrastructure by annually flushing water mains and inspecting fire hydrants.

During these operations, there may be some discoloration in the water which is not harmful to consume and will disappear when flushing is complete. Please note that discoloured water should not be used for laundry and that fluctuating water pressure may also be noticed.

Should discoloration persist beyond three hours, turn on your cold water tap or an outside sprinkler and let the water run for several minutes until the water runs clear.

For additional information or to confirm whether crews are working in your zone, refer to the Water Flushing Programs page on the City's website at www.medicinehat.ca/eu or contact Environmental Utilities at 403.529.8176.

What is the myMH Master Plan?

The City of Medicine Hat has created a comprehensive update to its guiding vision, the Municipal Development Plan. This project, the **myMH Master Plan**, is a 30-year citywide plan putting in place strong and visionary policies to help create a more prosperous, livable and sustainable city. With a lot of valuable input from Hatters, Planning and Development Services has created this Plan, which also draws upon extensive research and specialized expertise tailored to our city.

Currently in draft stage, the Plan is tentatively scheduled for City Council Public Hearing and Bylaw approval at the end of the summer, 2020.

Please share your thoughts.

Due to physical distancing requirements related to COVID-19, in-person community engagement is not possible during this final stage of the project. However, we still want to share the Draft Plan with the community and hear what you have to say!
