

Medicine Hat Memorial Arboretum

Give the gift of Trees

The Medicine Hat Memorial Arboretum

Come and grow with the Medicine Hat Memorial Arboretum - a special site where trees are planted to memorialize the loss of a loved one, a birth, an anniversary or a special occasion.

The Memorial Arboretum is a collection of trees that grow in and around Medicine Hat. It is an exciting outdoor classroom where you can learn about our urban forest.

Located at the Corner of Factory Street SE & South Railway Street SE, the Arboretum covers approximately three hectares.

Every Tree Planted Makes a Difference

Trees contribute to cleaner air, decreased energy costs, protection of our soil and water supplies, reduced noise levels and a more peaceful and attractive environment in which to live.

From a few saplings to a mixed forest, together we can produce something to be cherished by future generations.

Let's Grow Together!

- All contributions will be publicly recognized on the plaque wall in the Arboretum.
- A Ceremonial Tree Planting will take place annually.
- Contributors will receive invitations with date and time details.
